

# THE RESTORATIVE REPORT

1403 MAIN STREET VILLAGE, HILTON HEAD ISLAND, SC 29926 / O. 843.681.7777 / F. 843.681.7775 / [WWW.FRAUM.COM](http://WWW.FRAUM.COM)

## February 2023

### *Where Everybody Knows Your Aim*

Our area is growing, more than doubling in the last 10 years, which limits access to quality healthcare due to supply and demand. The Global Healthcare Advocacy Program at Fraum makes it even easier to get seen, be known, live well.

Patients are now pouring into urgent care centers for their primary health care needs, which crowds the system and since urgent care centers are limited in serving, patients are rushed and typically supplied medications to cover up symptoms rather than getting to the root of the problem. As the primary problem gets worse, preventative care is a far after thought.

The Fraum Center has been designed to allow greater access to your healthcare and to your healthcare providers. We address your needs head on, with a personalized plan tailored to meet your specific concerns. We spend the time with our patients, getting to know them and their healthcare goals. Patients receive top level personalized services not found elsewhere with three doctors with over a combined 80 years of experience; we stay with you charting your progress until we reach your goals together.

Led by our GHA professional Dr. Heather Hinshelwood ("Dr. H."), the team works with patients one-on-one to formulate a proactive, planned, and guided approach to achieving optimum health and vitality for you to live the life you love by living younger, longer.

With a handful of simple, planned treatment strategies, you can wake up feeling more energized, rejuvenate your mental acuity, regenerate arthritic joints, turn back the clock aesthetically and prevent some of the most common diseases associated with age.

Don't wait to upgrade your healthcare. Whatever you have been struggling with, no matter how long and no matter how many pathways to health you have explored, our team can work with you to reach your optimum health.

Call us today to change your life and years so you can...

Live the life you love,

*Dr. Brad E. Fraum D.C.*
